

Download Ati Med Surg Final Exam Study Guide

hold pressure @ puncture site for 5 min Aspirating specimen into heparinized syringe Performing Allen's test to site before drawing blood out "I just have to say that this program is a lifesaver. I was so close to throwing in the towel on my nursing degree, until I found you. I am a single mom returning to school after being at home for 11 years.16 Study Guide Neuro/Metabolic This guide is in addition to all other material and readings. It should be used to "guide" you through your studies; it is not to replace tool. Transduction - injured tissue releases chemicals that propagate the pain message; an action potential moves along an afferent fiber to the spinal cord. Transmission - pain impulse moves from the level of the spinal cord to the brain. Perception - conscious awareness of pain Modulation - the neurons from the brainstem release neurotransmitters that block the pain impulse.
