Related Terms: Business Impact Analysis Questionnaires (BIAQ), BCM Planning Process or Methodology, DR Planning Process or Methodology. Note (1): The BIA should identify all critical business functions, qualify and/or quantify losses as a result of such interruptions, determine the tolerable downtime and minimum resources needed to recover the critical business functions. THE 9 BUILDING BLOCKS. The Business Model Canvas categorizes the processes and internal activities of a business into 9 separate categories, each representing a building block in the creation of the product or service. These categories represent the four major aspects of a business; customers, offer, infrastructure, as well as financial viability. If you have ever heard of the 80/20 rule, there is a good chance that the person talking about it was referring to a form of ABC Analysis. ABC Analysis is a comprehensive way of segmenting your customers or products to make sure that you get the most out of your time and your resources when you're servicing them by breaking the items down into three easily distinguishable categories.
