How to play: Use the keyboard to type in your answer and press enter. Fractions Jeopardy Game is a fun way to review the four operations with fractions: addition, subtraction, multiplication, and division. You can play this game by yourself, with your friends, or in teams. "In this module, students build on their Grade 3 work with unit fractions as they explore fraction equivalence and extend this understanding to mixed numbers. This leads to the comparison of fractions and mixed numbers and the representation of both in a variety of models. Benchmark fractions play an important part in students' ability to generalize and reason about relative fraction and ...
