Show a video like the Magic School Bus that is about the life cycle of the frog or something similar to the magic school. This will help the kids establish prior knowledge and visual see and learn more about the frogs life cycle. Frog Life Cycle Printables. Homeschoolers LOVE field trips just as much as students in a standard classroom setting. Early spring is a great time to visit a local pond or wetlands to go listen to the frogs croaking. If you have a net and a tank you might go tadpole hunting to bring a little learning back to your classroom.
