

Download Handbook Of Medical Staff Management

Medical and health services managers, also called healthcare executives or healthcare administrators, plan, direct, and coordinate medical and health services. They may manage an entire facility, a specific clinical area or department, or a medical practice for a group of physicians. This handbook provides University staff members with an overview of the University's best practices. Our leadership believes in and is proud of the University's environment of open communication. We have summarized the key issues that affect the daily operational needs and objectives of the University and its respective staff members. Employment of management occupations is projected to grow 8 percent from 2016 to 2026, about as fast as the average for all occupations, which will result in about 807,300 new jobs. Employment growth is expected to be driven by the formation of new organizations and expansion of existing ones, which ...
