Why keep your personal health records in a binder? Here are a couple of reasons: It provides an excellent log of all your health concerns/questions with your physician's responses in addition to a history of when your medications may have been changed or the schedule of diagnostic tests your physician may have recommended during your appointments.

Track Health. To access Track Health, you must be logged into your personal account. If you do not have a My HealthVet account, please take this time to register.

Personal Health Log: This material was prepared by Health Services Advisory Group, the Medicare Quality Improvement Organization for Arizona, California, Florida, Ohio, and the U.S. Virgin Islands, under contract with the Centers for Medicare & Medicaid Services (CMS), an agency of the U.S. Department of Health.

Medical Diaries, Journals, and Logs in .DOC format. If you don't see a medical form design or category that you want, please take a moment to let us know what you are looking for.

Your Personal Health Record (PHR) gives you easy access to your healthcare information, making it easy for you to keep track of your medical history, appointments, medications and more. Your PHR is automatically updated with current medical information from recent visits with your healthcare providers.

A personal health journal (health diary) is a complete record of your health. It is a journal you keep yourself. The journal helps you keep track of every aspect of your health.

Path to well being. A personal health journal is an easy way to keep track of your health. Keeping track of your health history helps you to be an informed patient.

A written health history can improve the health care you receive and help you stay well. It's also the best way to make your information available quickly to pass along to doctors and nurses. You can use your personal medical history to: Remember when it's time for a screening or a test To keep ...
