

Download Math Performance Tasks 5th Grade

Students will be asked to solve constructed response questions involving multiplication and division of whole numbers and/or fractions in part one of the task. We have collected some of our favorite performance tasks for you to download and use with your students. Consider scaffolding the tasks so students can build up their perseverance and confidence throughout the year. 5th grade. Here you will find all fifth grade resources to guide and support mathematics teaching and learning. These resources are organized by mathematical strand and refer to specific Common Core math content standards. 5th & 6th grade math – multiple representations of numeric patterning. Taught by: Fran Dickinson, San Carlos Charter Learning Center, San Carlos School District, San Carlos, California
