Much of the writing on therapy with adolescents suggests contradictory approaches. On the one hand, therapists are advised to encourage the teenager's individuality and separation; on the other, they are urged to help parents "pull in the reins" and reestablish a strong sense of authority. Although the emphasis in this book is on therapy with families in which there is at least one adolescent, it is really a wide-ranging account of the author's approach to family therapy. After an introductory chapter, Micucci outlines his treatment approach in a chapter entitled 'The Process of Change'. *The Adolescent in Family Therapy: Breaking the Cycle of Conflict and Control*, Second edition (9781606233306) by Joseph A.
